

OGUZHAN AYBEY

ABOUT ME

Second-year Metallurgy and Materials Engineering student at Marmara University with strong leadership experience in mechanical design projects and organizational management. Proven track record as a Mechanical Team Co-Lead at AGEN and Sponsorship Lead at IMES, demonstrating the ability to manage technical engineering tasks while fostering team collaboration. Combining analytical skills with HR and crisis management experience, I am eager to contribute to Vodafone's innovative projects as a Long-Term Intern.

EXPERIENCE

Sponsorship Team Lead

2024-Now

Innovative Materials Engineering Society (IMES)

- Leading B2B negotiations to secure funding and product partnerships for major student events.
- Managing sponsorship budgets and coordinating the team for successful event execution.
- Previous Role: Active Member (Nov 2024 – July 2025)

Mechanical Team Co-Lead

2024-2025

AGEN - Automotive of Green Energy Notion

- Co-leading the design of EV chassis and suspension systems using SolidWorks, ensuring production feasibility.
- Collaborating with cross-functional teams to align mechanical systems with electrical and composite constraints.

Human Resources Intern

2025

Sport Center Academy

- Supported end-to-end recruitment processes, including resume screening and candidate coordination.
- Managed personnel files and assisted in organizing internal corporate documentation.

Licensed Marshal (Grade C)

2024-Now

TOSFED

- Ensuring track safety and enforcing regulations during international motorsport events; requiring high-pressure crisis management.
